MEMORANDUM FOR: Director of Personnel

25X1A

SUBJECT : [] "Overseas Tours of Duty"

25X1A

1. I am forwarding to you for your consideration a revised version of your proposed [] "Overseas Tours of Duty."

2. Please note that certain editorial changes and the deletion of a few minor procedural provisions have been effected in this revised draft. In addition to these minor changes I question the advisability of including in this proposed regulation the provision which would afford Career Staff employees benefits not given to non-Career Staff employees. I also believe it would be extremely difficult to differentiate between a case of extreme personal hardship and a case short of extreme personal hardship. My other question concerns the clause in the proposed agreement which would permit an employee to terminate his tour on his own, without having a valid reason, and still not have to pay his return transportation costs provided he had previously completed twelve months' service in a departmental [] position or previously completed an overseas tour with the Agency. I can think of no valid reason for granting this relief.

3. There may be perfectly justifiable reasons, of which I am unaware, which prompted the inclusion of these two provisions in the proposed regulation. If this is the case, I shall be glad to discuss the matter further with you. However, if you concur in the revised draft please coordinate it with the Comptroller and the General Counsel and return to this office for forwarding to the Regulations Control Staff. It will not be necessary to coordinate it with other Support offices.
